วารสารวิชาการเทคโนโลยีอุตสาหกรรม ปีที่ ๒๒ ฉบับที่ ๑ ประจำปี ๒๕๖๕

VOLUME 22 | ISSUE 1 | 2026 | Focused on engineering and industrial technology

Published by College of Industrial Technology (CIT), KMUTNB

The Journal of Industrial Technology

วารสารวิชาการเทคโนโลยีอุตสาหกรรม ปีที่ ๒๒ ฉบับที่ ๑ ประจำปี ๒๕๖๕

บทความ (Articles)

- Effect of High Volume Ground Palm Oil Fuel Ash on Properties of Concrete Blocks, The Journal of Industrial Technology, 2026, 22(1), 1-17.
- A Data Management Framework and Mathematical Model for Worker Allocation Considering Skills and Upskilling in the Sewing Department of the Garment Industry, The Journal of Industrial Technology, 2026, 22(1), 18-32.
- A Lesson Learned from the UK Rail Project: An Analysis of Critical Success Factors (CSFs) through the Project Life Cycle (PLC), The Journal of Industrial Technology, 2026, 22(1), 33-49.
- Effect of Sea Water on Compressive Strength and Elastic Modulus of Concrete Portland Cement Type V Containing Ground Palm Oil Fuel Ash, The Journal of Industrial Technology, 2026, 22(1), 50-67.
- Enhancing Packaging Transport Efficiency Using Low-Cost Karakui Kaizen Automation Mechanism, The Journal of Industrial Technology, 2026, 22(1), 68-83.
- QFD-guided design of a Web-Based DSS Prototype for Sustainable Waste Management in Thailand, The Journal of Industrial Technology, 2026, 22(1), 84-99.
- Investigation of Paddy Drying in a Curvilinear Impinging Stream Drying System Using Computational Fluid Dynamics, The Journal of Industrial Technology, 2026, 22(1), 100-115.
- Development of a Microcontroller-Based Data Logger for Consolidation Testing, The Journal of Industrial Technology, 2026, 22(1), 116-128.
- Predicting Micro-Crack Formation in XLPE Main Cables of Educational Building Power Systems Using Real-Time Three-Phase Current Data Analysis, The Journal of Industrial Technology, 2026, 22(1), 129-143.
- Feasibility Study on Technical, Economic, and Environmental Aspects of Synthetic Diesel Production from Natural Gas throughout Its Life Cycle, The Journal of Industrial Technology, 2026, 22(1), 144-161.
- Design and Experimental Study of a Prototype Device for Low-Temperature Hot Air Generation Using Atmospheric Plasma for Drying and Fungal Decontamination of Thai Herbs, The Journal of Industrial Technology, 20256, 22(1), 162-177.
- Natural Heat Convection Analysis on Boundary layer and Apply Utilization to Inclined Solar Collector, The Journal of Industrial Technology, 2026, 22(1), 178-192.
- The Design and Development of the Optimal Passive Micromixer to Accommodate a Wide Range of Flow Rates, The Journal of Industrial Technology, 2026, 22(1), 193-210.
