บทความ (Articles)

- Analysis of Temperature Distribution and Thermal Conductivity of Rubber Compound during Compression Molding Process, The Journal of Industrial Technology, 2023, 19(2), 1-12.
- Effect of Post Weld Heat Treatment on High-temperature Wear Resistance of Martensitic Stainless Steel AWS A5.9 ER420 Weldment by GMAW Process, The Journal of Industrial Technology, 2023, 19(2), 13-30.
- Engineering Properties of Mortars Incorporating Recycled Fibers from Waste Printed Circuit Boards, The Journal of Industrial Technology, 2023, 19(2), 31-46.
- Increasing Frozen Chicken Yields in the Pet Food Topping Process, The Journal of Industrial Technology, 2023, 19(2), 47-60.
- Biogas for the use as Fuel in Sour Tamarind Cube Manufacture of OTOP in Duang Thong District, Phetchabun Province, The Journal of Industrial Technology, 2023, 19(2), 61-69.
- Design of Light Compensation System for Agriculture under Solar Panel, The Journal of Industrial Technology, 2023, 19(2), 70-84.
- Study, Design, and Simulation of Bridgeless Totem-pole Power Factor Correction, The Journal of Industrial Technology, 2023, 19(2), 85-97.
- Bio-adhesive based Modified Cassava Starch Waste/polyvinyl Alcohol Crosslinked with Tannic Acid for Wood Application, The Journal of Industrial Technology, 2023, 19(2), 98-108.
- Influence of Metakaolin on Mechanical Properties of Fly Ash Geopolymer Mortar Reinforced with Steel Fibers, The Journal of Industrial Technology, 2023, 19(2), 109-122.
- Development of Braille-making Devices on Pharmaceutical Labels using 3D Printers, The Journal of Industrial Technology, 2023, 19(2), 123-135.
- Application of Failure Mode and Effect Analysis of Plastics Industry with Fuzzy Multi-Criteria Decision Making a Case Study: Plastic Resin Manufacturing in Thailand, The Journal of Industrial Technology, 2023, 19(2), 136-158.
- Effect of Injection Pressure and Timing of the Ternary Blends (Ethanol-Biodiesel-Diesel) on Combustion Characteristics, The Journal of Industrial Technology, 2023, 19(2), 159-174.
- Treatment of Phosphorus in Wastewater by Coagulation with Aluminum Sulfate, The Journal of Industrial Technology, 2023, 19(2), 175-187.
- Development of a Mixture of Dan Kwian Clay Body and Dong Ma Fai Coffee Grounds to Create a Ceramic Filter for Dong Ma Fai Coffee Drip, The Journal of Industrial Technology, 2023, 19(2), 188-203.
- Mathematical Model for Salinity Intrusion Measurement of Chanthaburi River, The Journal of Industrial Technology, 2023, 19(2), 204-217.
